

DND #4

- * We're in the main room of the Rosarid bar
- * It's a Scarlet bar, place where staying drunk overnight is normal
- * Lola's sister, Taverna, bursts out of the kitchen, freaking out
 - ↳ bowler hat + eye patch, bedazzled
- * We've been in a coma for 3 weeks, Taverna is going to tell us - get little T
- * Their man is here too!
- * Taverna tells us that she knows what we did at the bone flowers (8 hidden, we found the first one) → all nations getting mad bc they want it first
 - ↳ USA in particular, blockading island!
- * When we activated the bone flower, a huge green light shot up and everyone knows
- * Mads and the boys are in handcuffs, they have the Tiger Moth! The US army
- * They're based North of the city! Drachma is headed to get us, 3 hours
- * Jobin looks so upset by hearing this
- * Mads suggests we get the pirates together to get back the Tiger Moth at her family
- * She jumps on a table + gets everyone's attention, tells them to listen to Tiffany
- * Tiffany tries to persuade the bar of pirates to help us, we get 1/2 of the bar coming
- * She tongues some guy to get more support
- * We go to town square to get more people to help us take back the Tiger Moth
- * Teddy uses booming blade to get people's attention

- * Tiffany passes out flowers to crowd
- * Teddy gives a rousing speech w/ an accent

- * Bobby is going by Jobby and is trailing Jobn
- * He detects that it's a little fake... keeping eyes on us
- * Dola was talking w/ Taverna, only to discover she was actually Draehma!
 - long straight hair, eyes mostly white!
- * We wake up a little later, USArmy took over the village, we have vague memories of a burning
- * Everyone but Jobn is in the brig of the Tiger Man, Dola is especially restrained
- * Taverna shows up! To taunt, with an nam
- * Jobn is chained to a chair being tortured by Draehma
- * One of Jobn's eyes is a uhm pool @ - like a Sharmgan

- * He's trying to get Jobn to take Maxapham out of the card
- * Dola is nearly holding out
- * Bobby is concerned about being arrested, and Tiffany is smuggling ducks under her skirt
- * Tiffany stands on ducks + glides around room spookily while bobby ~~tries~~ tells gaurrd about

"the bride of the boat ghost"

* guard gets scared, runs away

* Dola transforms and catches the guard, rips his jugular out

→ cut 2 Jobin

* Jobin screams, transformed into white void, still chained to the chair

* Marpheim is there, "Jobin what do you want?"

* Jobin asks for help. Marpheim will help because of his aunt but it will cost ~~something~~ something
