CLIFF from  
last week

\* 5pm on the boat

- ↳ Dola at the helm
- ↳ Teddy playing banjo + Tiff is listening
- ↳ Jobin has the goblin baby + talks to

Chefto Bismal, the ship's cook

- ↳ Tale of 3 fishes: Chesterma fish of western tide, Bucco mo, fish of eastern tide, and Dennis the fish of the North + South tide

one day 10,000 years ago (TOMORROW), all fishes gather on land (back then they could walk around w/ no problem)

↓ FISHMAS

↓ they dig a hole + bury a seed, a fish seed! And it grows a tree, a FISHMAS TREE

- ↳ Chefto doesn't have a lot of the left → 10,000<sup>th</sup> anniversary is tomorrow and he disappears!

↳ we need to go to the center of the foot and help fish plant the seed bc they can't walk anymore

If 7 fish fall, there'll be a fishmas tragedy

\* Dola steers toward the foot, 12 hours away  
LONG REST

\* Chetto Bismal comes back as a baby

\* Dola sees a lever + A's the Chetto Bismal  
| Menorial Warp Drive

↳ Bobby goes to the helm + Dola hits the lever and runs up (lever falls off "small orae" <sup>Energy</sup>)

\* Dola's childrens grapple to hook us onto the foot and the Tiger Moth latches on, 50m away → can climb the rope to

\* We see red fish ashore and Teddy encapsulates it into an orb of water, it's Chestenna!

\* Dola runs up the rope onto the shore

\* Teddy misty steps onto the shore

\* 4<sup>th</sup> bird falls out of the sky

\* Tiffany Thai-lee runs over the rope onto shore

\* Jobin + baby get stuck halfway thru

\* Bobby maneuvers across the rope and helps Jobin across too → we're all there!

\* We see Buccerino across the way and Teddy puts them into one globe

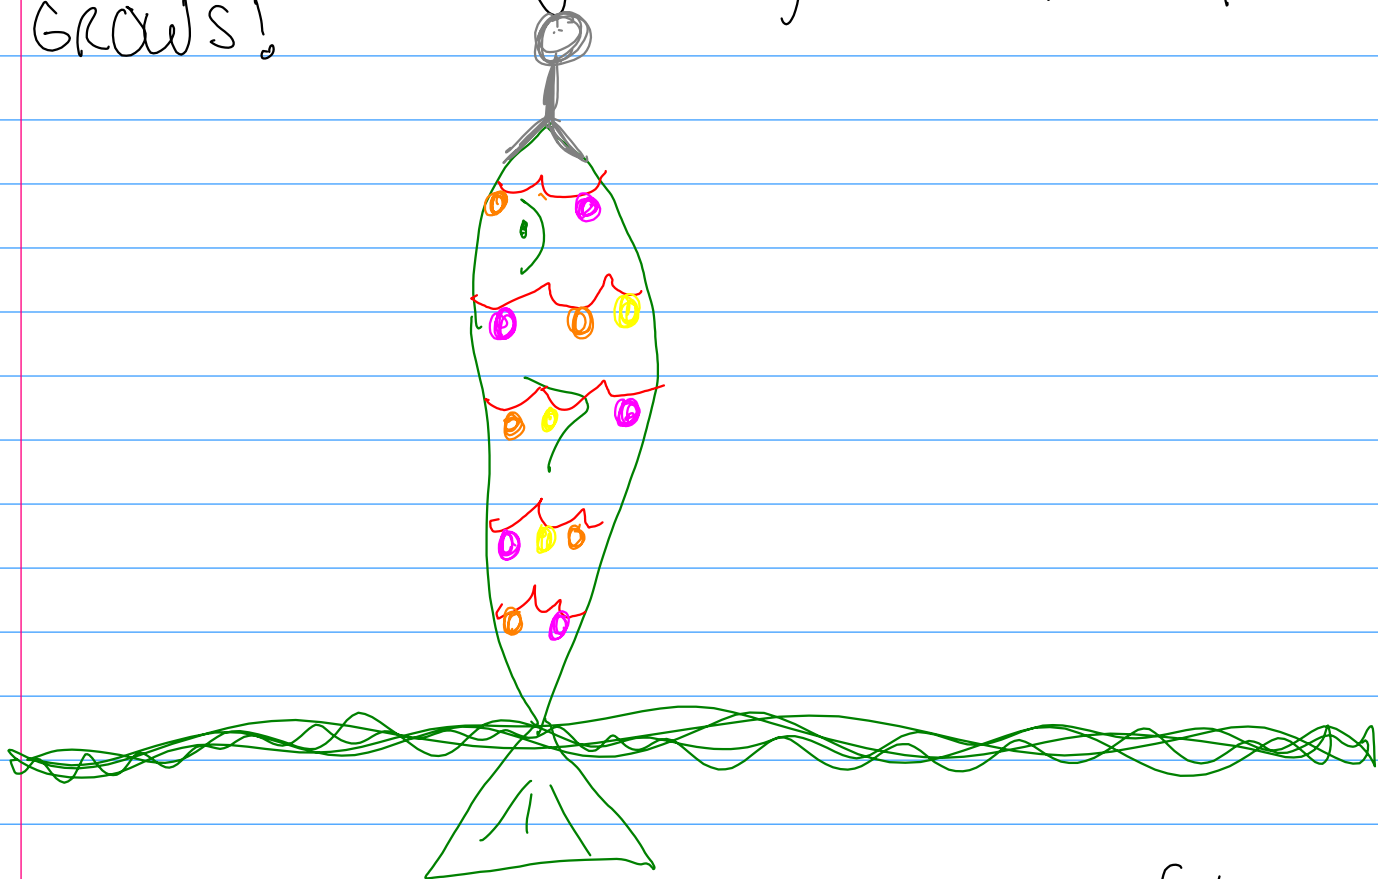

\* 5+6 birds fall! Jobin throws one bird into the air and hits the 7<sup>th</sup> bird! FUCK!

\* Jobin sees a vision of Chetto! He tells him to get the fish seed → pulls back curtain and sees a memory of his aunt dropping a bunch of dead fish and leaving

\* Chetto pulls the fish seed out from behind Jobin's ear - then he goes back to reality

\* Bobby uses his scout skills to track Dennis, he feels a tugging above his head → Dennis is in the grips of a Cander!

- \* The baby Gadrath throws Bobby at the Candor
- \* Bobby tries to grapple the Candor, being dragged in the air → he tries to talk to the Candor
- \* Teddy casts web to anchor the Candor to the ground
- \* Mr. Moss, Candor is its name and they hate Fishmas → if Bobby tells the secret of Fishmas they'll <sup>let him</sup> go
- \* The Candor poofs out of existence and leaves behind STUPPED LEATHER ARMOUR!  
↳ Teddy gets A
- \* Teddy puts Dennis in the globe
- \* Bobby tries to pull seed from behind Jobin's ear but sees a tattoo of the word "friendship"
- \* We all dig out the mound and put the 3 fish in
- \* Jobin's stomach begins to hurt and he poops in the hole we just dug → FISHMAS TREE GROWS!

Jobin WAKES UP on the ship... It was a <sup>fishmas</sup> dream
